Dear Anibal

I am shocked at the e-mails from Mr Smith at the BBBofC, also like yourself I too am confused what this matter has to do with Boxrec.

I have absolutely no problem with providing you with proof of medicals etc on the boxers mentioned.

I will send you Tasif Khan's and Nathan Decastro's medicals, MRI etc shortly as they are Southern Area boxers and their records are immediately available to myself.

With regard to Sandy Robb, he comes under our Scottish Area and his medical records are held by our Chief Medical Officer Dr Louise Eccles but unfortunately she is away today and tomorrow in Wales so will get Sandy's medicals and MRI scan report on Monday and send immediately to yourself.

Kindest regards

Rio

Mr. Rio

Below you can see e-mail exchanges between Mr. Robert Smith General Secretary of the BBBofC and myself. I will really appreciate if you can send proves that the fighters rated have no medical issues to be license.

I don't understand what boxrec has to do with this, they are not a commission, decision makers regarding medicals or any other issue regarding boxing licenses, but I will reach for John Sheppard, boxrec's owner, as requested by Mr. Smith.

In the meantime, and for precaution I will remove the fighters mention by Mr. Smith until I receive confirmation that don't have any medical issues.

Best Regards

They have licences withdrawn or not granted by BBBC due to medical queries. many of the boxers competing for this organisation have had licences withdrawn or not granted. Boxrec can confirm.
Speak at the week end.

Dear Robert,

I don't rate fighters based on where the license is from. This fighters fight for a different organization that also does fights in the UK regularly.

I'll be in London for the Selby vs. Barrros' fight. We can talk about this if you like it.
